# How do schools work with MyTutor?

Programmes to match your timetable, needs and students

Supporting 1,300+ schools:

Having worked with schools since 2016, we know that when it comes to tuition, there isn't a one-size-fits-all. Whether you're looking to help your students build a strong foundation year-round, or to provide more intensive support in the run up to exams and during the holidays, we'll tailor your MyTutor programmes to your school's needs. **Our programme options include:**

## MyTutor Core

Our most popular programme, designed to deliver consistent, weekly tuition to your students, across different subjects and year groups. If you're looking for consistent, year-round sessions to build a strong foundation in those tricky subjects and boost confidence, this is the package for you. Your students receive one 55-minute lesson per week for 12 weeks in small groups (3:1) or individually (1:1)

## MyTutor Boost

Got resits, mocks, or exams just around the corner, and need a programme that delivers impact in less time? MyTutor Boost does what it says in the tin, offering a term's worth of personalised tuition in just 6 weeks, with your students receiving 2 sessions per week in a 3:1 or 1:1 setup.

## MyTutor Superboost

A high-intensity programme that gives great results, outside of term time - MyTutor Superboost is a package of 10-12 sessions, delivered in just one or two weeks, slotting perfectly into school breaks. It's particularly effective to give your high-achieving students the boost they need, helping them prepare for exams during half-terms, Easter and summer holidays.
